

Summit at Turtle Ridge Backyard Fence Painting Specifications

- A. Sand all rod iron thoroughly
- B. Wipe all iron clean
- C. Use one of the following priming methods:

Method A (best):

- 1. Spot prime all rusted or exposed metal with carbomastic 15 – 2 part epoxy that converts rusted exposed metal into a paintable surface.
- 2. Prime all metal complete with Vista 4800 metal pro (red/grey/white) (1 coat)

Method B (better):

- 1. Spot prime all rusted or exposed metal with Spray can oil based Rust Destroyer.
- 2. Prime all metal complete with Vista 4800 metal pro (red/grey/white) (1 coat)

Method C (acceptable):

- 1. Prime entire surface with Rust Knockout reformulated water based primer by Rust Destroyer (1 coat)

- D. Paint all metal with 2 coats of Vista Protec (alkyd modified industrial enamel) with the following color formula for a gallon from Vista Cerritos Store, telephone number (562) 866-1200:

Product #: 98A (Semi Gloss Sheen)
Color: D/E 6384 IRON FIXTURE (98A)
BASE: 98A PROTEC A/E SG
B-6Y32
F-22
C-26
KX-4Y40

- E. Remove and Clean all paint and materials at conclusion of job.
